ARCHITECTURAL WORK EXPERIENCE

Marosi Troy Architects Inc., Westmount, QC January 2013 - present

Work within a variety of capacities, ranging from schematic design, execution of working drawings, to site supervision on both large institutional and small, detail-sensitive projects. Specific strengths include elaboration of program into a functional plan, followed by translation into clear and detailed construction drawings. Integral part of team for: 3-D modeling, presentations, and interior detailing.

Key projects: - École St-Grégoire-le-Grand, CSDM - elementary school
- Future Earth, Concordia U - international HQ for think tank
- Longueuil Metro - intermodal hub development project

L'OEUF Architects, Montreal, QC January 2012 - January 2013

Collaborated on the conception, detailing, and coordination of the architectural interiors for the award-winning House in Four Fields project.

Key projects: - House in Four Fields - farmhouse for the Bronfman family
- Mille-Isles - sustainable community development planning

Anderson Architects, Westmount, QC June 2009 - January 2012

Prepared construction drawings for luxury heritage homes, primarily focusing on interior detailing. Produced a 400 page monograph showcasing the firm's work.

Key projects: - City Houses and Country Estates - office monograph

EDUCATION
